BIO KRISTEN THIELE

Originally from Miami, Kristen Thiele studied at the University of Miami on a full tuition scholarship for her artwork. In 1992, she moved to Chicago to attend the School of the Art Institute of Chicago where she studied painting, sound, and video, and graduated with a BFA in 1995. During her years in school and after, she sang and played bass in the band Motorhome. They released 2 cd's and 3 singles on New York labels Zero Hour and Dirt Records and played with bands like Everclear, Alanis Morissette, Missing Persons, Th' Faith Healers, etc. After graduating from SAIC, Thiele apprenticed Chicago screen printer Steve Walters of Screwball Press and learned the art of silkscreen printing, primarily printing posters for local and national bands. Upon her return to Miami, she became a member of the Art Center South Florida on Lincoln Road in South Beach, where she held a studio until her recent move in 2010 to Bridge Red Studios in North Miami. Thiele's posters were published in the definitive rock poster book, "The Art of Modern Rock" and her paintings in, "Miami Contemporary Artists".
